FACIALS

OXYGEN INFUSION FACIALS

We are happy to present our Intraceuticals Oxygen Infusion advanced LIQUID-OXYGEN FACELIFTS. Oxygen under pressure is applied directly to the skin's surface, cooling and calming the skin while restoring its natural vitality and glow. The serum has a Botox-like effect that also lifts plumps and firms. You will see immediate results that will continue for days to come.

LIQUID OXYGEN FACELIFT *Rejuvenate & Atoxylene Infusion*

Liquid Oxygen Facelift (described as "liquid Botox") this facial significantly reduces the appearance of fine lines and wrinkles while tightening and firming for more defined facial contour. Experience visible line smoothing and firming instantly!

90min \$305

PLUMP-REJUVENATE INFUSION

This skin quenching treatment deeply infuses a cocktail of vitamins and antioxidants into the skin resulting in instant hydration, improved firmness, and a noticeable lift. Safe for all skin types even the most sensitive or stressed skin.
